See It, Feel It, Have It Joseph Balmaceda 2020-06-24 Mastering The Laws of Manifestation is The Key to Attaining Any Desire... And Reading "See It, Feel It, Have It: The Master Key to Manifesting Your Desires" is The Quickest Way to Do It! By Peeking "Behind the Scenes" of How The Laws of Manifestation Operate, You'll Be Able Witness Your Desires Sprout Into Existence! The Laws of Manifestation taught and USED within the book are FAR from fantasy. In fact, you're already using them to manifest everyday...Both consciously, and unconsciously. And if you already know a thing or two about Manifestation, but haven't been able to use it successfully... The author can GUARANTEE you that there are only a few, small tweaks needed for you to be able to "flip the switch" and see your desires start to manifest. These small tweaks, which have the biggest impact, are often the difference between success and failure with Manifestation... And they are hidden within the book for those who are ready to see them. Once You Spot The "Hidden Keys" Within The Book, You'll Be A Master of Manifesting Through Your Imagination And Sense of Feeling. Furthermore, what the author has included within are LAWS. That means they operate under ANY circumstances. But, that means that no matter if your desire is good or bad, just or unjust, these LAWS can be used to manifest it. So, the author asks that if you READ this book, please use these Laws to only manifest desires that are PURE, POSITIVE and GOOD...Or, do NOT READ IT! When The Author First Stumbled Upon These Laws He Was 21 Years Old, Had No Clue He Was Using Them, And Was In Charge Of \$14.4 Million Dollars In Investments. Joseph graduated college in about half the time of everyone else, and shortly after found himself working for the largest privately held investment firm in the world, with his own branch, his own assistant, and in charge of \$14.4 million dollars for his investors. Although... because he wasn't CONSCIOUSLY aware of the Laws he was using to his advantage, he ended up peaking, and started to lose clients left and right. That is until he lost his biggest client, Chris, and decided it was time to quit. BUT, once he started to study ancient Scriptures and Texts, he stumbled upon these Laws of Manifestation and started bending the Universe to work in his favor. And now that he KNOWS what was REALLY going on when he manifested both his rise and fall, he has included that knowledge in "See It, Feel It, Have It" for the people that are ready to see it. He has done this as a way for people to have a lot of the same success he's had in manifesting desires, without most of the failure. If you desire to find the ANSWERS you've been looking for, by reading the book right now you'll find them inside. But, like stated previously, what Joseph teaches within are LAWS. And the nature of a Law is that they operate whether your desires are GOOD or BAD. So, only read this book if you're going to use it to manifest the GOOD and POSITIVE in your life, or please, don't read it at all.

The Complete Works of Florence Scovel Shinn Florence Scovel Shinn 2018 Florence Scovel Shinn taught metaphysics in New York for many years. Her meetings were well attended and in that way she was the means of bringing the message to a considerable number of people. Her books have had a wide circulation not only in America but abroad. They seem to have a knack of finding their way to remote and unexpected places in Europe and other parts of the world. Now and again we meet someone who came into Truth through finding a Florence Shinn book in the most improbable location. One secret of her success was that she was always herself . . . colloquial, informal, friendly, and humorous. She never sought to be literary, conventional, or impressive. For this reason she appealed to thousands who would not have taken the spiritual message through the more conservative and dignified forms, or have been willing to read . . . at least in the beginning . . . the standard metaphysical books. She herself was very spiritual, although this was usually hidden behind a matter of fact and carefree treatment of her subject. The technical or academic approach was not for her. She taught by familiar, practical, and everyday examples. She had been by profession an artist and book illustrator before becoming a Truth teacher, and belonged to an old Philadelphia family. She left a collection of notes and memoranda which have been made into the present book. May it have a wide circulation. —Emmet Fox

The Power of Concentration Theron Q. Dumont 2015-10-13 We all know that in order to accomplish a certain thing we must concentrate. It is of the utmost value to learn how to concentrate. To make a success of anything you must be able to concentrate your entire thought upon the idea you are working out. Do not become discouraged, if you are unable to hold your thought on the subject very long at first. There are very few that can. It seems a peculiar fact that it is easier to concentrate on something that is not good for us, than on something that is beneficial. This tendency is overcome when we learn to concentrate consciously. If you will just practice a few concentration exercises each day you will find you will soon develop this wonderful power.

Signs Laura Lynne Jackson 2019 "Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller *The Light Between Us*. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In *Signs*, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design"--

Fox Tossing, Octopus Wrestling and Other Forgotten Sports Edward Brooke-Hitching 2015-06-04 For those who enjoyed the quirkiness of *Schott's Miscellany*, the erudition of *The Etymologicon* or the extremes of *The Dangerous Book for Boys*, this is the perfect read. From *Flagpole Sitting* to *Hot Cockles*, Edward Brooke-Hitching has researched through piles of dusty tomes to bring vividly back to life some of the most curious, dangerous and downright bizarre sports and pastimes that mankind has ever devised, before thinking better of it and erasing it from the memory. After all, who would ever want to bring back *Fox Tossing*, a popular sport for men and women in 17th-century Germany? As the name suggests, it would involve dozens of couples pairing up and standing 20-25 feet apart in an enclosed field, each holding one end of a net, and then they would pull hard at both ends as the fox ran past, sending it flying high into the air. There are many other sports revealed within these pages that are unlikely ever to make an appearance on our TV screens, such as *Firework Boxing*, which is just as dangerous as it sounds. Meanwhile, *Ski Ballet* may not have been so risky, but Suzy 'Chapstick' Chaffee's signature move - the *Suzy Split* (a complete forward split while balanced on the tips of her skis) - was probably not one to try at home. An intriguing, entertaining and occasionally shocking insight into the vivid imaginations of mankind across the years, *Fox Tossing, Octopus Wrestling and Other Forgotten Sports* is an unforgettable read.

Intellectual Warfare Todd William 2018-02-09 A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have changed...somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push our minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process. Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind.
